CRNC

We of CRNC have a bone to pick with those of the Niagara News. In one of their editions, they had the audacity to declare themselves "Niagara's best news medium". This is preposturous! I ask you, the public, do you consider profiles of teachers to be news? How about awards given to students? Don't you want to know if there is a killer on the streets of Welland? We have international, national, local **and** campus news.

The word 'news' comes from 'new'. How 'new' can it be when the paper comes out every two weeks. We have news casts every hour, five days a week. We have stories before the local radio stations do!

This pathetic little declaration was made by the Niagara News because they had one picture of one student reading the paper. Do you feel this is proper justification? Give us your opinion. Sit yourselves under one of our speakers and listen for a while. Then write in. It'll be worth your while, because we are Niagara's best news medium.

The opinions of Mike Stand are not necessarily shared by CRNC, the management or the SAC Office.

RADIO RATE

By: Mike Stand

Let's face it, our college radio station isn't on 24 hours a day. As much as you hate it, you'll have to venture out into the world of real radio. To help you out, I've compiled a list of some stations with my views on their overall worth. Check the list, listen to the stations, then write to the "Knight Tymes" and tell me what you think. (The rating system is on a scale of 1 to 5. 1 mic is poor, 5 is great.)

Local AM

¶¶	**CHSC-1220**	snolzy music, but mostly staffed by ex-Niagara students, therefore **some** redeeming qualities.
	CJRN-710	Number 5 in a 4 station market.
¶	**CHOW-1470**	ex-Niagara students trapped in Nashville.
	CKTB-610	Who?

Around the FM dial

¶¶¶	**WPHD-103**	Great super-set weekends.
¶	**WBEN-102.5**	Like listening to a non-stop disco album.
¶¶	**WBUF-93**	A trip down memory lane. Solid Gold Saturday night worth listening too.
¶	**WNYS-104**	Where's Johnny Ringo?
¶¶¶	**CFNY-102.1**	Good for picking hits but some of the music may be dangerous to your health.
¶¶¶	**CHUM-104.5**	For the under 18 crowd.
¶¶¶¶	**Q-107**	Head-bangers, still half deaf.
¶¶	**WUWU-107.7**	What, what?
¶¶	**WBLK-94**	Music for your **soul.**
¶¶	**WGRQ-97**	Enough rock to build their own mountain.
¶¶¶	**WZIR-98**	No comment for lack of interest.
¶¶¶¶¶ ¶¶¶¶¶	**CRNC-cable**	The best announcers, the best music, the best news coverage. (But then, I'm biased)

NIAGARA END OF TERM BASH 1983

The Niagara College Bash turned out to be a great success. Hundreds of students and guests participated to make it an enjoyable evening. Bad roads and weather did little to stop the party-goers from all areas of the peninsula. I bet the Late Show missed a few of it's regulars that night!

Three bands were on the schedule for the bash. These bands were ZIP ZIP 4, 15 Plates and Frank Soda. The crowd was able to rock to the sounds of Frank Soda or safety dance to 15 Plates. I didn't know those technologists had it in them.

The conduct of everyone was quite acceptable considering the fact that most people were unaware of their behavior. Drunk and disorderly conduct was kept to a minimum, with a little bit of help from the bouncers and a few slightly sober friends.

Personally, I had a terrific time. Those who didn't go missed a great time and 3 terrific bands.

Good Bands To Check Out

JADE

JADE. Remember the name because you are going to hear a lot more of it in the future. They are an up and coming group from Western New York, who will be playing Canada soon. (Actually at Uncle Sam's on Lundy's Lane, February 6-11). They are coming here with some engagements with a number of large acts. One of these was a date with Fastway. In my opinion they were the audience favorites that night and with good cause. Their renditions of tunes by Journey, Billy Squire, The Stones, and Santana are done excellently. This five piece act is complimented by a terrific light show and high quality PA. The group consists of five talented musicians. The vocals of Jeff Axelson, and great stage presence of Keyboardist Kirk Lombardo, guitar work by Kieth Medly, the hot bass sound from Elias Tenderous and dazzling drumming of Jim Costello.

Jade will be coming to Sam's directly from the studio where they have been spending some time perfecting their originals. Watch for one of their tunes "Trouble", which I am sure is going to be on vinyl soon.

CENTRYX

If you like good old rock and roll then you must see CENTRYX. CENTRYX plays such favorites as Aqualung by Jethro Tull, Time, By Pink Floyd and scores of up to date tunes by Flock of Seagulls, Duran Duran, Bowie, Billy Idol and Golden Earring in their repetoire.

Of all the bands in the area I have seen this month this is one of the hottest. Not only do they know how to play their music but the stage show is excellent. You'll be impressed by a great sounding PA and one of the biggest light shows around. Be sure not to miss these guys. They are playing The Red Lion Place, Friday and Saturday (10th and 11th of February) and Monday through Wednesday (13th - 15th). See you there!

BILLY IDOL *CONCERT REVIEW*

BROCK UNIVERSITY JANUARY 14/84

Back Stage PASS

Well, I can honestly say that 300 Niagara College students had a great time at the Billy Idol concert on January 14th at Brock University. The show started off with a Toronto group called "The Dice" who played some up-beat Rhythm and Blues, to get the crowd warmed up. Of course, when Idol arrived the audience was ready for some of his famous tunes like "White Wedding", "Dancing With Myself" and "Rebel Yell". He also introduced a song called "Eyes Without a Face", which should be a hit album. Idol stood firmly by his punk image throughout the show. The energy of the man was amazing.

The audience fit right in with his madness. I thought the place would be torn apart (starting with the chairs) but fortunately there was no damage whatsoever.

After the show, talking to this seemingly crazed man, was a different story. He was incredibly laid back in the dressing room and more than generous with the treatment of his fans. Autographs were plentiful and a group of young girls were thrilled to receive a round of kisses. After the concert, the group went to Faces in The Howard Johnsons to relax. It was like another autograph session until closing time. The show was in all a great success and a great time for a large number of Billy Idol fans.

WE'RE YOUR KNIGHTS IN SHINING ARMOUR

NIAGARA KNIGHTS

the KNIGHT TYMES volume no. 2 FEBRUARY

BROUGHT TO YOU BY THE Niagara College Student Council SAC 1984

And From Richard's Ink Blot . . .

Gentle readers, did you servive the holiday's? Was your vacation filled with Christmas cheer? Well, this should cramp it a bit. Surely you remember how all your friends and neighbours tore each other apart to get those last bargains on Christmas Eve. Think of it, hundreds of people linching each other over the final Cabbage Patch Doll. How many of those loving fathers used their son's new baseball bat on the person in the line in front of them. Yes, it is at this holiday season that the spirit of goodwill abounds, let us not forget that national favorite, Christmas Cheer and Cheer and Cheer and Cheer. Well after Boxing Day (pine that is) we have a problem. There isn't anymore Cheer in the fridge and dispite the fact that it is no longer a holiday the banks are closed. What do we do? Well if your like me you amuse yourself with the loot you've raked in (let's fact it guys if Christmas isn't commercial then why did Manglor and He-Man sales increase 200%). Well that sort of amusement wears thin very quickly and the only thing left to turn to is All My Children and General Hospital. Well it's New Year's Eve. You've been to the bank, gotten your money and by midnight should be sufficiently pickled. Then it comes, the morning after the night before. You say to yourself that death would be a pleasant alternative and you know you will never make it to school tomorrow (whose bright idea was that I wonder). Still looking back on it all, what would we do without the holiday season with all its merriment.

Here's wishing that you keep the spirit of Christmas in your hearts all the year through.

The Different Column

They make your day a little brighter

Being a first year student at Niagara College, I can't help but notice all the stunning women that decorate our hallways and classrooms. Have you ever noticed the three dark-haired beauties that usually walk together in a very graceful manner and get more attentin than "a mouse at a burlesque show" (foghorn leghorn). Mattel is now in the process of making three new dolls to resemble these three pretty segnorinas, and to replace the now outdated Barbie. Yeah really! They are going to call them Joanne, Michelle and I'm still not sure about the third doll's name at press time.

Anyway, getting off of specific people but staying on subject, we find that no matter where we look we see some feminine features that go beyond Websters' vocabulary. Whether they be those deep brown eyes (or blue, as you prefer), those silky sets of hair, those terrific pairs of legs or other things I need not mention, they are here and very well worth admiring. Now by saying "Admiring" I mean complimentary and respectfully admiring, not staring and drewling with an I want to you know what look!

Some of these pretty girls may seem a little snobby, and who can blame them. They are sick and tired of all the immature, unrefined burros that make rude and slow-witted remarks at them. As a cause of these burros, the guys that would like to talk to and get to know these girls, don't get the light of day with them.

Oh well, what can we do. What I do know is that the segnorinas here make my day a little brighter. To the women of Niagara College I give my compliments. You are beautiful and I'm sure many people will agree.

DEAR RODNIE

Dear Rodnie Dee:

I am faced with a difficult situation. I am seriously contemplating having a sex change operation. I am presently a man but would like to experience being a female. Do you think I should go through with my decision? Why or why not?

Half Broad

Dear Half Broad:

Yes, I think you should. After all, look what it did for Boy George!

A Smart Eater

Case in point, take for example the ordinary book worm. Now if he were to eat through a total of ten books with each book consisting of 100 pages including the covering, how many pages total would he go through altogether if he started on the first page of the first book and finished on the last page of the last book.

- First two students to correctly answer this month's smart eater riddle will receive an 8 slice, 3 item pizza from Mother's in Welland.
